1. Scope of Application

1.1 These General Terms and Conditions ("GTC") govern the contractual relationship between Tradejectory OG, registered under FN 678124t, with registered office at A-4040 Linz, Johann-Wilhelm-Klein-Straße 58a Top 16 (hereinafter "Provider"), and any customer (hereinafter "Customer" or "you") in connection with the use of our newsletter service, website, and associated digital services.

1.2 The services are offered exclusively to customers with residence or registered office within the European Union and Switzerland.

1.3 Persons with residence or registered office in the United States of America (USA), as well as US persons within the meaning of US regulations (including US citizens and US Green Card holders, regardless of residence), are expressly and completely excluded from using our services. Upon registration, the Customer confirms by activating a separate checkbox that they are not a US person and do not have their residence or registered office in the USA.

1.4 The use of our services requires that the Customer possesses a solid financial education. Upon registration, the Customer confirms by activating a separate checkbox the following declaration: "I confirm that I possess a solid general financial education (e.g., completed training or demonstrated professional experience in the finance, banking, insurance, or investment advisory sector, or equivalent qualification) and am able to independently and critically evaluate financial information, independently assess risks of investment decisions, and appropriately

contextualise the content provided without guidance." The Customer acknowledges that the Provider's services are not intended for consumers within the meaning of the Austrian Consumer Protection Act (KSchG) who do not have sufficient financial education.

1.5 Use of our services requires the Customer to be at least 18 years of age. Upon registration, the Customer confirms by activating a separate checkbox that they are at least 18 years old.

1.6 These GTC apply to all services provided by the Provider, including the free trial week and all paid subscription plans.

1.7 Deviating terms and conditions of the Customer shall not apply unless the Provider expressly agrees to them in writing.

1.8 These GTC are available in German and English. The German version is the sole legally binding version. The English version serves exclusively as a reading aid and translation without independent legal force. In the event of any discrepancy between the language versions, the German version shall exclusively prevail.

2. Subject Matter of the Contract

2.1 The subject matter of the contract is the provision of a daily report (newsletter) in digital form. The report shows what prediction markets, in particular Kalshi, are pricing in and evaluates public sources on the reasons. Kalshi data is used under a data license. The markets covered in the report are selected by fixed, rule-based criteria. Research and texts are produced with the support of artificial intelligence (AI). The Provider does not forecast outcomes and does not recommend transactions.

2.2 For subscribers of the Pro plan, the following additional services are provided:

- Access to the Terminal with a semantic search function (Odds Search) that allows the user to search a large number of Kalshi markets by topic or keyword. The Provider's system then displays the matching markets.
- Access to the archive of previously published reports.
- New Pro features introduced by the Provider in the future, at no extra cost.

2.3 The Provider makes a sample report freely available for viewing on its website. It is an older, non-current edition. The sample report serves solely to illustrate the product; the notice pursuant to Section 2.4 and the Provider's Disclaimer apply accordingly.

2.4 Important Notice: This newsletter serves exclusively for informational purposes and does not constitute investment advice or a personal recommendation. The analyses were created with AI support and may contain errors. AI systems can "hallucinate" and deliver erroneous information. All analyses, including AI-powered evaluations, may be erroneous, incomplete, or outdated. Past developments, odds movements, or hit rates are not a reliable indicator of future results. Every investment decision is made at your own responsibility and own risk. We are not liable for losses from investment decisions made on the basis of this information, except in cases of intent or gross negligence. Liability for personal injury and mandatory statutory liability remains unaffected.

2.5 This notice pursuant to Section 2.4 is clearly displayed on every report and on the Provider's website.

2.6 The following notice is additionally displayed on every report: "This report is intended exclusively for registered users of Tradejectory OG who have accepted the General Terms and Conditions, the Disclaimer, and the Privacy Policy. Forwarding to third parties is prohibited without the prior written consent of Tradejectory OG. If you have received this report without being a registered user, you are not entitled to use the information contained herein, and no contractual relationship with Tradejectory OG exists." This does not apply to the freely available sample report pursuant to Section 2.3.

2.7 Investment decisions are made at your own responsibility. The Provider expressly recommends seeking qualified and individual advice from a licensed financial services provider before making any investment decision.

3. Conclusion of Contract

3.1 The presentation of the offering on the Provider's website constitutes a non-binding invitation to submit an offer (invitatio ad offerendum) and not a binding offer in legal terms.

3.2 The contract is concluded as follows:

1. You select the desired subscription plan on the website.
2. You enter your personal data and select a payment method.
3. During registration, you confirm by activating separate checkboxes:
   (a) that you are at least 18 years old (Section 1.5);
   (b) that you are not a US person (Section 1.3);
   (c) that you have a solid financial education (Section 1.4);
   (d) that the content serves exclusively for informational purposes and does not constitute investment advice, and the liability exclusion for investment decisions (Section 9.3);
   (e) your express consent that the Provider begins providing the reports immediately after your order, and thus before the withdrawal period expires, and your acknowledgement that you thereby lose your right of withdrawal (Section 6.2);
   (f) that you have read and accept the GTC, the Disclaimer, and the Privacy Policy.
4. Before completing the order, you receive a summary of your order and the applicable GTC.
5. By clicking the button "Order with payment obligation" (or "Start free trial week" for the free trial), you submit a binding contractual declaration.
6. The Provider confirms the conclusion of the contract without delay by email (Confirmation Email). The contract is concluded upon receipt of this Confirmation Email. The Confirmation Email also confirms your consent and acknowledgement pursuant to item 3(e).

3.3 The contract text is stored by the Provider and sent to you together with the GTC by email on a durable medium.

4. Subscription Plans and Pricing

4.1 The Provider offers the following subscription plans:

Plan	Price	Included Services
Free Trial Week	€0.00 (7 days)	Daily report plus access to all Pro features, regardless of the plan selected
Essential	€10.00 / month	Daily report
Pro	€20.00 / month	Daily report + Terminal (Odds Search) + report archive + new Pro features at no extra cost

4.2 All stated prices are inclusive of the applicable statutory value-added tax (currently 20% in Austria). For deliveries to other EU Member States or Switzerland, the respective national VAT may apply.

4.3 The Free Trial Week is available once per customer and applies to the Essential and Pro plans. A payment method is required to start the trial week. During the trial week, Pro features are available to you even if you selected the Essential plan; after the trial week, the scope of the selected plan applies. Upon expiry of the 7-day trial period, the subscription automatically converts to the paid plan selected at registration, unless you cancel by the end of day 7. If you cancel by the end of day 7, no charges apply. You will be expressly notified of this at registration.

4.4 Price changes will be communicated to you at least 30 days before taking effect by email. In the event of price increases, you have a special right of termination that may be exercised within 14 days of notification of the price increase.

5. Payment Terms

5.1 Payment is due monthly in advance. Billing occurs at the end of the free trial week or, without a trial week, at the time of contract conclusion, and thereafter recurring on the same calendar day of the following month.

5.2 The following payment methods are available:

- Credit and debit cards
- Apple Pay
- Google Pay
- Link
- PayPal

Payments are processed by an external payment service provider. The payment methods offered in a given case may depend on the device and country used.

5.3 In the event of a failed payment, the Provider shall notify you by email and grant a grace period of 7 days. If payment remains outstanding after this period, the Provider is entitled to suspend access and terminate the contract.

6. Right of Withdrawal

The following provisions on the right of withdrawal apply to consumers within the meaning of § 1(1)(2) KSchG, where applicable.

6.1 Withdrawal Instructions

You have the right to withdraw from this contract within fourteen days without giving any reason. The withdrawal period is fourteen days from the day of conclusion of the contract.

To exercise your right of withdrawal, you must inform us (Tradejectory OG, A-4040 Linz, Johann-Wilhelm-Klein-Straße 58a Top 16, Email: office@tradejectory.at) of your decision to withdraw from this contract by means of an unequivocal statement (e.g., a letter sent by post or email). You may use the model withdrawal form in Section 6.4, but this is not mandatory.

To meet the withdrawal deadline, it is sufficient for you to send your communication concerning your exercise of the right of withdrawal before the withdrawal period has expired.

Effects of Withdrawal: If you withdraw from this contract, the Provider shall reimburse all payments received from you without undue delay and no later than fourteen days from the day on which the Provider was informed of your decision to withdraw.

6.2 Early Expiry of the Right of Withdrawal (§ 18(1)(11) FAGG)

The reports and the Provider's other services are digital content not supplied on a tangible medium. The right of withdrawal expires prematurely once the Provider has begun supplying the digital content after you have

(a) expressly consented to the Provider beginning supply before the withdrawal period expires,
(b) acknowledged that, by giving this consent, you lose your right of withdrawal once supply begins, and
(c) received from the Provider a confirmation of this consent and acknowledgement on a durable medium (Confirmation Email pursuant to Section 3.2(6)).

Your right to cancel the free trial week free of charge by the end of day 7 (Sections 4.3 and 7.3) remains unaffected.

6.3 Note: The Customer confirms upon registration pursuant to Section 1.4 that they possess a solid financial education. The Provider's services are accordingly not directed at consumers without sufficient financial education.

7.3 The Free Trial Week may be cancelled at any time within the 7-day trial period; if you cancel by the end of day 7, no charges apply. If no cancellation is made before expiry of the trial week, the subscription automatically converts to the selected paid plan (see Section 4.3).

7.4 The right of either party to terminate the contract for good cause remains unaffected.

8. Service Description and Availability

8.1 The Provider generally makes the report available daily, including weekends and public holidays, at around 8:00 a.m. CET, and sends a link to the online report by email to the email address you provided. The report can also be downloaded as a PDF. The language of the email and the report follows the language setting in your account. Changes to the delivery frequency and delivery time are reserved.

8.2 The content of the report includes in particular:

- a rule-based selection of the prediction-market moves (in particular on Kalshi) most relevant to equity investors;
- the probabilities priced in on those markets and how they have changed;
- an AI-assisted assessment based on public, dated sources, including counterarguments;
- indications of which stocks, ETFs, or other exchange-traded products could be affected by a development.

The content shows what prediction markets are pricing in; it is neither a forecast nor a recommendation.

8.3 With the Pro plan, you additionally receive access to the Terminal (Odds Search) and the report archive on the Provider's website (see Section 2.2).

8.4 The Provider endeavours to ensure high availability of the newsletter service and website. However, uninterrupted availability is not guaranteed. In particular, the Provider assumes no

liability for interruptions due to:

- maintenance work (with advance notice where possible)
- technical disruptions at third-party providers (email providers, hosting, data sources)
- force majeure

8.5 The Provider reserves the right to adjust, expand, or discontinue features of the service, provided this is reasonable considering the interests of both parties and the essential subject matter of the contract is preserved.

9. Limitation of Liability

9.1 The content provided in the newsletter and on the website serves exclusively for general information. It does not constitute investment advice, a solicitation to buy or sell financial instruments, or a personal recommendation. The Provider is not licensed as a securities firm, investment services company, or investment adviser.

9.2 Research and texts are produced with the support of artificial intelligence. AI-generated content is inherently subject to uncertainties, hallucinations, and statistical distortions. It does not constitute a reliable basis for investment or trading decisions under any circumstances. The Provider does not warrant the accuracy, completeness, timeliness, or reliability of the information provided.

9.3 Liability Exclusion for Investment Decisions: The use of the content for investment decisions is made exclusively at the user's own risk and responsibility. The user expressly acknowledges that investment and trading decisions can result in the complete loss of the capital invested. The Provider is not liable for losses, lost profits, or other damages resulting from investment decisions made on the basis of the content provided. The user confirms this liability exclusion upon registration by activating a separate checkbox.

9.4 Liability Exclusion for Data Loss: The Provider is not liable for the loss, damage, or non-delivery of data, newsletters, or other digital content, unless attributable to the Provider's intent or gross negligence. The user confirms this by accepting the Disclaimer upon registration.

9.5 Liability Exclusion for Damages from AI Errors: The Provider is not liable for damages caused by erroneous, incomplete, or misleading AI-generated content. The user acknowledges that AI systems can "hallucinate" and deliver erroneous information, and that all analyses provided may be erroneous, incomplete, or outdated. The user confirms this by accepting the Disclaimer upon registration.

9.6 The Provider is liable without limitation for damages caused by intent or gross negligence, as well as for personal injury. Liability under mandatory statutory provisions (in particular the Product Liability Act) remains unaffected.

9.7 Past developments, odds movements, or hit rates are not a reliable indicator of future results.

10. Intellectual Property and Copyright

10.1 All content of the newsletter and website (texts, graphics, layouts, data compilations, software) is protected by copyright and is the property of the Provider or its licensors.

10.2 With the conclusion of a subscription, you receive a simple, non-transferable, non-sublicensable right to personal use of the content for the duration of the contractual relationship.

10.3 Any further use, in particular reproduction, distribution, public communication, modification, or commercial use of the content, requires the prior written consent of the Provider.

10.4 The systematic or automated collection of content (e.g., by bots or similar tools) is prohibited.

10.5 The forwarding, redistribution, or other dissemination of the newsletter content, reports, or other content of the Provider to third parties is prohibited without the prior written consent of the Provider. The content provided is intended exclusively for registered users who have accepted the GTC, the Disclaimer, and the Privacy Policy of the Provider. Should a third party receive content of the Provider without being a registered user, no contractual relationship exists between such third party and the Provider, and the third party is not entitled to use the content. This does not apply to the freely available sample report pursuant to Section 2.3, which may be viewed.

11. Data Protection

11.1 The Provider processes personal data in accordance with the General Data Protection Regulation (GDPR) and the Austrian Data Protection Act (DSG).

11.2 Details on the collection, processing, and use of your personal data can be found in the separate Privacy Policy, which is available on the Provider's website and forms part of the contractual relationship.

12. Amendments to GTC

12.1 The Provider reserves the right to amend these GTC with effect for the future, insofar as this is necessary for objectively justified reasons and the amendment is reasonable considering the interests of both parties.

12.2 The Provider will inform you of amendments to the GTC at least 30 days before they take effect by email.

12.3 If you do not object to the amended GTC within 30 days of receipt of the amendment notification, the amended GTC shall be deemed accepted. You will be separately notified of this legal consequence in the amendment notification.

12.4 In the event of an objection, the contract continues under the previous terms; in this case, the Provider has the right to terminate the contract at the next regular termination date.

13. Governing Law and Jurisdiction

13.1 Austrian law applies, excluding the UN Convention on Contracts for the International Sale of Goods (CISG) and the conflict-of-laws rules of international private law.

13.2 For all disputes arising from or in connection with these GTC or the contractual relationship, the competent court in Linz, Austria, shall have exclusive jurisdiction.

13.3 For consumers, the mandatory jurisdiction provisions of § 14 KSchG apply where applicable.

14. Dispute Resolution

14.1 The Provider is neither willing nor obliged to participate in dispute resolution proceedings before a consumer arbitration board.

15. Severability Clause

15.1 Should any provision of these GTC be or become invalid in whole or in part, the validity of the remaining provisions shall remain unaffected.

15.2 In place of the invalid provision, a provision shall apply that most closely approximates the economic purpose of the invalid provision in a legally permissible manner.
